REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO 37 CFR 1.323

Dear Sir:

Enclosed herewith is a Certificate of Correction with respect to the above-identified U.S. Patent. You are hereby authorized to charge Deposit Account No. 12-1095 in the amount of \$100 to cover the required fee for filing a Certificate of Correction under § 1.323.

These errors were inadvertent, occurred in good faith and do not involve any changes which constitute new matter.

PATENT NO. : 7,096,560
APPLICATION NO. : 09/916,934
ISSUE DATE : August 29, 2006
INVENTOR(S) : Odd N. Oddsen, Jr.

It is certified that an error appears or errors appear in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Column 10, Lines 23 through 26 "16. The method of claim 9, wherein said shaft holder is adapted to receive an extension arm for supporting an electronic device thereto." should read --16. A method of assembling a bracket from a kit including a plurality of components, said bracket adapted for mounting a device to a plurality of supporting surfaces, said method comprising: providing a kit containing a plurality of components adapted to be assembled into a plurality of brackets each of a different configuration, said components including a shaft holder having an opening formed therein adapted to removably support said device, a threaded member, a first member having a first flange and a second flange generally perpendicularly attached to said first flange, and a second member having a third flange and a fourth flange generally perpendicularly attached to said third flange, at least one of said brackets adapted to be assembled from less than all of said components; selecting a plurality of components for assembly into a single bracket configuration, at least one of said components comprising said shaft holder, wherein said single bracket configuration comprises a mount selected from the group consisting of a clamp mount, a wall mount and a flat mount for attachment to one of a plurality of supporting surfaces; and assembling the selected components into said single bracket configuration by at least attaching said shaft holder to said first member using said threaded member.--

Column 10, Lines 34 through 36 "providing a plurality of components adapted to be assembled into a plurality of brackets each of a different configuration, said method comprising:" should be deleted.

Column 10, Line 39 "component" should read --components--.

Column 10, Line 51 insert a --,-- after the word "surface".
